一、阅读理解

Our School Sports Day

Last Friday was our school sports day. The weather was very fine. All the teachers and students went to the playground early in the morning. There were many colourful flags everywhere. The games started at eight o'clock. First, Tom ran in the 100-metre race. He ran very fast and won first place. We all cheered for him. Then, Amy took part in the long jump. She jumped really far. I think she is the best jumper in our school. After that, the boys' relay race began. Our class ran together and we got second place. It was a great day because everyone tried their best. I took many photos of my friends with my camera. We felt very tired but very happy.
